Application Instructions

1. Make sure to thoroughly clean the area that you plan on placing your sticker.
2. Before applying sticker make sure the area is completely dry. Remove the backing for the sticker, then start by putting one side of the sticker on the object. Slowly move a stiff card (ex. credit card), over the sticker applying even pressure until totally adhered. This will help eliminate air bubbles when applying. It should be ok to partially remove the sticker if you put it on crooked. The sticker can be removed entirely and reapplied, however, it will become less adhearent the more you repeat this process.
